It can be downloaded from our Patches and Updates website here: .Single nucleus-type coincidence logic gates using a single electron beam in a tri-layer configuration. We introduce a tri-layer electron beam logic gate, employing a single focused electron beam and three metallic nanostructures. Our logic gates combine the advantages of the single electron beam with those of the physical properties of the metal. Our logic gate provides a current change that is larger than  $5 \times 10^{-5}$  A under an 8-V DC bias and exhibits an effective spin coherence time of 53  $\mu$ s at room temperature. We

demonstrate logic gates based on the majority-vote mechanism (the AND gate) and the exclusive-OR gate by comparing the current, magnetic flux, and electron spin density at the nanostructures. The Supreme Court refused to interfere with a Delhi High Court order quashing contempt proceedings against Priyanka Gandhi Vadra, accusing the Congress general secretary of addressing a rally against former Indian Prime Minister Narendra Modi, without the former's prior permission, at the rally site. "We do not find any merit in the submission made on behalf of the appellants to quash proceedings," a bench comprising Justices Deepak Gupta and Aniruddha Bose said, while rejecting a PIL filed by Congress MP and lawyer P Sainath.
